Recycling

NO DEPOSIT CONTAINERS MAY BE PLACED IN THE ROLL-OFF. TAKE THEM BACK TO THE STORE.

Many of the things you THINK are recyclable are not. **Only food or cleaning product stiff-walled containers are permitted** in the roll-offs. **No used coffee cups, straws, hangers, flower pots, plastic bags, bottle caps, flower vases, broken china or children’s toys.** Keeping contaminants out of the recycling stream is one of the best things we can do for our oceans, environment — and our bottom line. Remember — **REDUCE, REUSE, RECYCLE.**
The message hasn’t changed.

If you need to get rid of bulky waste (or items that will not be accepted at our Transfer Station) please come to the Transfer Station for a pass to Egremont or contact the Board of Health agent. There is a fee for most items.

We **Cannot** Accept the following items in Mount Washington — even if they are in a plastic bag for the compactor.

Appliances, Gas Engine Equipment, Electronics, Tires, Hazardous Waste

COVID-19 RESTRICTIONS

We are allowing more than one person to use the Transfer Station providing that you allow a distance of at least 6 feet in any direction from someone else. Please allow extra time and have your paper recycling organized and flattened **BEFORE YOU GET HERE.** You may not stand in front of the paper roll-off in order to collapse boxes. It prevents someone else from accessing the compactor.

As stated above, **NO DEPOSIT CONTAINERS ARE ACCEPTED.** Please return them to a redemption center or to the retail establishment where they were purchased.
